KENEPURU & CENTRAL SOUNDS RESIDENTS ASSOCIATON INC

ABOUT US

WHO WE ARE

The Association was established in 1991 as a not for profit organisation to:

- coordinate communications with local and central government, and
- promote and act in the interests of members*.

*Members are residents, ratepayers and persons associated with the Kenepuru and Central Sounds area.

WHY JOIN

We believe the association has a more powerful voice and influence than one individual voice. Together we can preserve the iconic environment of the Sounds for future generations.

An annual subscription of $25 will support KCSRA to continue to be an effective voice on local issues.

IMPROVING ROADS

We were instrumental in gaining access and subsidies for residents after the July 2021 storm event.

COMMUNITY INFRASTRUCTURE

We take a keen interest in the maintenance and installation of new community assets.

MARINE FARMING

We submit on applications where necessary to ensure a sustainable balance between industry and recreation.
